The Application of Occasions

Suitable places: Wall.

Product Description

1. Simple and easy appearance ,in line with contemporary aesthetic concept.
2. The product has the structure and appearance design patent.
3. The lamp body adopts high quality and Anti-UV ability outdoor's polycarbonate;
4. This lamp series uses LED.
5. The light diffusion PC wall; Protection grade to IP65.
6. High efficiency constant current driver , ensure the light source is maximum used.

The Application of Occasions

Suitable places: localized lighting for building, bridge, sculpture etc.

Product Description

1. Classical industrial design, perfect aesthetic and practical union, patented appearance and structure technology.
2. The lamp body adopts high-pressure cast aluminum and aluminum alloy, the surface is coated with outdoor used powder, double anti-corrosion to extend service life.
3. The LED can be chose: CREE, OSRAM or Philips Lumileds LED.
4. Use PC cover, the two light distribution, some lighting angel can be chose.
5. High efficiency constant current driver; ensure the light source is maximum used.
6. Using silicone rubber leakproof structure design to ensure the high level of IP rating(IP65).

The Application of Occasions

Suitable places: Lawn, Garden, Park etc.

Product Description

1. Simple and easy appearance ,in line with contemporary aesthetic concept.
2. The product has the structure and appearance design patent,
3. The lamp body adopts high-pressure cast aluminum and aluminum alloy , the surface is coated with outdoor used powder , double anti-corrosion to extend service life.
4. This lawn lamp series uses LED.
5. The light diffusion PC cover, anti aging and UV; Protection grade to IP54.
6. High efficiency constant current driver , ensure the light source is maximum used.

 with LED integral power supply unit

Color temperature

2700K-6500K

Lens beam angle

10°/25°

Protection class

IP65

Material

Die-casting Aluminium; Temered glass; PC

Body color

Black, Dark Gray, Silver Gray

Certification

 **RoHS**  **ISO9001-2008**  **BSCI**
 ERP Certification

The Application of Occasions

Suitable places: localized lighting for building, bridge, sculpture etc.

Product Description

- Classical industrial design, perfect aesthetic and practical union,patented appearance and structure technology.
- The lamp body adopts high-pressure cast aluminum and aluminum alloy, the surface is coated with outdoor used powder,double anti-corrosion to extend service life.
- The LED can be chose: CREE, OSRAM or Philips Lumileds LED.
- Use PC cover, the two light distribution, some lighting angel can be chose.
- High efficiency constant current driver, ensure the light source is maximum used.
- Using silicone rubber leakproof structure design to ensure the high level of IP rating(IP65).
